

Ottawa Jewish Community School

Established in 1949 as Hillel Academy

Dear Parents,

Thank you for your interest in the Ottawa Jewish Community School.
Welcome to the application process.

The Ottawa Jewish Community School prides itself on having a clear mission and vision guided by our “North Stars”. We are committed to providing the highest-level secular and Jewish educational experiences, within a community context where our students can thrive.

Please take the time to review and, complete the application package. Once the admissions department has a chance to review the application thoroughly, you will receive a written letter of response. If your child gains admission, you will then be given an admissions package to complete. Please note, there are some circumstances where a student’s needs extend beyond what can be offered, even with playful supports and accommodations. Determination of admission is decided on a child- by-child basis. We appreciate your time and patience with our admissions process.

If you have any questions, please contact our Director of Admissions, Jennifer Greenberg at: j.greenberg@theojcs.ca.

Sincerely,

Dr. Jon Mitzmacher
Head of School
